The Human Hoist Power Shop Chair eliminates bending, stooping, and crawling when working under or around objects. Smooth powered motion from sitting to laying and back up again prevents strains and sprains.

Perfect positioning is effortless with the fully adjustable 9 position backrest and separate 5 position headrest. Full support means workers are comfortable and can perform quickly and efficiently.

Proper Positioning allows workers to work in accepted ergonomic ranges of motion and provides the best lines of sight to promote high quality workmanship with minimal physical effort.

Human Hoist slides effortlessly under spaces as low as 14". Workers stay clean and dry.

# HUMANHOIST

## TECHNICAL DATA

### PHYSICAL

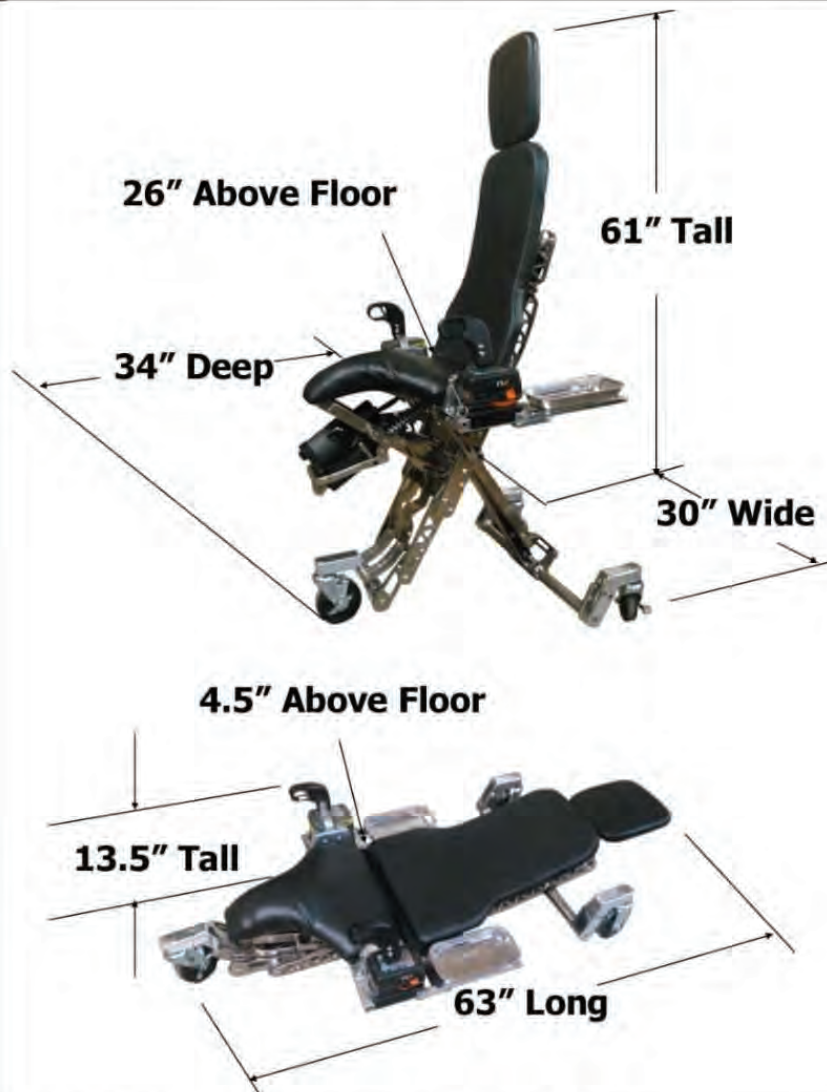

Weight: 170lb/77kg  
Shipping Weight: 260lb / 118kg  
Lowest Seat Travel: 4.5in/11cm  
Highest Seat Travel: 26in/66cm

### MECHANICAL

304 Stainless Steel Frame  
Batteries: 2  
Voltage: 28VDC  
Capacity, ea: 76 Wh  
Charger: 110 volt 60 hz  
Casters: Standard  
5" Front (1)  
4" Rear (2)

### PERFORMANCE

Capacity: 300 lb/ 136 kg  
Full Cycles per charge:  
1 Battery: 100  
2 Batteries: 200  
Cycle Time:  
Up: 4 seconds  
Down: 4 seconds  
Battery Charge Time: 1 hour

### SAFETY

Variable Speed Control  
Two-Hand Control  
Double Backrest Supports  
Battery Charge Indicators

### ERGONOMIC FEATURES

9 position backrest  
5 position headrest  
Large Handle Grips  
Easy Rolling Precision Bearing Casters

### WARRANTY

1 year Caster to Caster Warranty  
3 year Battery Warranty  
5 year Frame Warranty

### STANDARD EQUIPMENT

2 – 28VDC Batteries  
1 – 110V 60 hz Charger  
Magnetic Tool Trays (2)

### OPTIONS

Larger Caster Packages  
4 Wheel Package  
Larger Tool Trays  
Backrest stops
